

# **NORTH VALLEY PLASTIC SURGERY**

## ***Skin Treatment Menu***

### **Custom Facial**

These are customized facials tailored to address your specific skin conditions.

### **Acne Treatment \$85**

A peel to help treat acne, reduce breakouts and control sebum. A program of weekly or bi-weekly treatments can be effective in making significant changes in the skin.

### **Rosacea Treatment \$85**

This treatment nourishes calms and promotes healing for the treatment of rosacea.

### **Custom Peels \$110-\$160**

These are customized treatments tailored to your specific skin condition. After your customized treatment you will experience light exfoliation similar to the flaking that occurs after sunburn. Flaking last for two to four days depending on depth of peel. Mid-Depth treatments often can be scheduled every two weeks as part of a three to four treatment series in order to address specific conditions and then scheduled every three to six months for maintenance.

### **Microdermabrasion Treatment \$125**

MDA showers the skin with a carefully controlled jet-stream of medical grade corundum powder crystals. They buff the face and then are gently suctioned away, removing with them the outermost layer of dead skin cells. Multiple treatments are recommended to achieve the desired results.

### **Power Peel \$165**

This treatment will combine Microdermabrasion with a customized chemical peel.

### **The Vitalize Peel (lunch time glow) \$120**

This peel only takes thirty minutes and is a perfect peel for tired dull skin. This peel is excellent for acne, hyperpigmentation, age spots, sun damage, dramatic improvement in skin texture and decreasing pore size. Best results are achieved after three to five peels. Two days after the peel you will experience light exfoliation similar to the flaking that occurs after sunburn.

### **Chemical Peel Treatments for the Body**

These peels slough off sun damage and uneven pigment, leaving the skin with a nice hydrated glow.

**Chest \$75 \* Hands \$50 \* Arms \$100**

### **Back Facial**

Great treatment for those suffering from acne and acne scarring on their back. This treatment will clear up active breakouts and prevent future breakouts. **\$75**

Treatment Packages: Any 6 of the above treatments for the price of 5.

### **BioMedic MicroPeel**

First, Dead cellular layers are removed by dermaplaning, a technique popularized by BioMedic since 1991, or a BioMedic Enzyme, a unique papaya-based mask. Next, an alpha hydroxyl acid solution is applied to the skin. A slight stinging sensation may occur but it is only momentary. The third and final step of the MicroPeel is a skin freezing process called Cryogenic Therapy.

Carbon dioxide is applied to the face in light, circular motions. The frosty mist released by the carbon dioxide immediately relieves inflammation and cools the skin.

### **BioMedic MicroPeel Plus**

The BioMedic MicroPeel Plus is designed to refine skin texture damaged by environmental factors and skin conditions such as acne. Salicylic acid, a beta hydroxy acid, is found naturally in willow bark, wintergreen leaves, and sweet birch bark. Formulations containing high concentrations of salicylic acid help slough off dead cells and debris while stimulating the skin's natural renewal processes.

Eminence Organic Skin Care delivers the highest quality natural skin care. The active ingredients are 100% organic using only the best quality herbs, fruits, and flower buds. The cures come from nature with ingredients that are good enough to eat; let the aromas treat your senses and the vitamins and nutrients impart healthy and beautiful skin.

### **Eminence Organic Facials**

Prices vary in relation to level of treatment and time as determined by your aesthetician.

### **AHA & Paprika Exfoliating Treatment**

An amazing treatment that needs to be seen to be believed. This exfoliating, stimulating facial uses the natural AHA's found in apples and grapes to remove dry dead skin and clear clogged pores. Paprika and other herbs dramatically increase blood flow to the skin detoxifying and increasing cellular renewal leaving the skin glowing, toned and smooth.

### **Parsley & Cucumber Oxygenating Treatment**

An oxygenating facial to brighten and rejuvenate the skin. Parsley evens the complexion and supplies bioflavonoids, cucumber tones and purifies, while honey nourishes and moisturizes. The skin's oxygen intake levels are increased allowing detoxification and cellular repair.

### **Rosehip and & Maize Exfoliating Treatment**

For sensitive, rosacea or acne skin types.

Gentle exfoliation begins with maize flour to cleanse pores and remove impurities. Rosehip extract delivers high quantities of anti-oxidant vitamin C, honey hydrates and zinc oxide calms. Irritated skin is calmed and glows with new found clarity and brightness.
